Key figures at a glance

- With around 8 million terms in nearly 1 million entries, IATE is the reference in the terminology field, and is considered to be the largest multilingual terminology database in the world.
- It offers extensive data in the 24 official EU languages, and also Latin.
- Users connect to IATE from over 200 different countries.
- More than 55 million queries are run in IATE every year.

User-friendliness

The previous two applications (the internal and the public versions) have been merged to facilitate terminology management and consultation. A fully revamped platform awaits users, who will have different access rights according to their profile.

Responsiveness

Consult IATE on any device – smartphone, tablet or desktop.

Accessibility

The multilingual database offers everyone equal access to information and functionalities.

Data exchange

Using the latest technology, the new version of IATE retrieves data from other EU tools (EU legislation repository, EuroVoc domain classification, etc.).
